high solution

Der QuickClick® DUO ist einmalig. Denn er ist der erste wendbare Möbelgleiter und funktioniert als 2in1-Lösung: ein Gleiteinsatz mit zweifachem Schutz für robuste, weiche Böden und für empfindliche, harte Böden – einfach ausklicken, wenden und wieder einklicken!

Diese clevere Idee ist „made in Germany“ und wurde bei internationalen Wettbewerben mehrfach ausgezeichnet.

The QuickClick® DUO is unique. *It's because it is the first reversible furniture glider and it works as a 2in 1-solution: one gliding insert with double protection for robust, smooth floorings and for sensitive, soft floorings – just click it out, turn it and click it in again!*

This clever idea is "made in Germany" and has been awarded several times within international competitions.

L'insert QuickClick® DUO est unique. *Car il est le premier patin de meuble qui peut être tourné et fonctionne comme une solution 2 en 1 : Un insert avec double protection pour des sols robustes, mous et pour des sols sensibles, durs – il faut simplement l'enlever, tourner et reconnecter !*

Cette idée astucieuse est « made in Germany » et était primée à plusieurs reprises auprès des concours internationaux.
